Dt. 24.02.2023

Ref. No.: GDGPS: 2023 -24/23

Dear Parent

Over the past few months, we have experienced a rise in fuel prices, coupled with an increase in other operational expenses associated with maintaining our bus fleet.

In order to continue operating our school transport system efficiently and ensuring the safety and comfort of our students, it has become imperative for us to adjust the transport charges accordingly. Therefore, we inform you that there will be a slight hike in the transportation fees starting from April 01, 2024.

We assure you that this decision has been carefully considered, and the increase in charges is essential to sustain the quality of our transportation services.

We appreciate your understanding and cooperation in this matter.

Thank you for your continued support in ensuring the well-being and safety of our students!
