

**GOVERNMENT OF NCT OF DELHI**  
**OFFICE OF THE DY. DIRECTOR OF EDUCATION**  
**DISTRICT SOUTH WEST (B-1) ZONE-21 NAJAFGARH, NEW DELHI**

No.(50)DDE/SW B-1/Z-21/Mise/2024-25/905

Dated: 13/09/2024

**Advisory for prevention and control of Vector Borne Disease**  
**(Dengue, Chikungunya & Malaria)**

All HoSs of Govt., Govt. Aided and Pvt. Unaided Recognized Schools under Zone-21, South West B-1 are hereby directed to share the awareness instructions with the students and school staff to follow at home and also the needful to be done by all HoSs at school level.

1. To avoid mosquito bites wear full-sleeved clothing and use mosquito repellents. Put wire mesh on windows to prevent entry of mosquitoes (if possible).
2. Message regarding prevention and control of Dengue, Malaria and Chikungunya should be given during assembly /classes.
3. Cover all water tanks and containers with well fitted lids to prevent breeding of mosquitoes.
4. All overhead and other water tanks/containers are kept properly covered with lid and overflow pipe/air vent are covered with wire mesh/cloth. In case of missing/broken lids matter may be taken up with PWD on priority.
5. All coolers should be scrubbed and cleaned once a week and mopped dry before refilling water.
6. In coolers that cannot be emptied, put one tablespoon of Petrol/Diesel.
7. All unused containers, junk materials, tyres, coconut shells etc. should be properly disposed off.
8. Change water in flower vases, plant pots, bird pots every week to prevent mosquito breeding.
9. Cover the toilet seat if going out of home for more than a week.
10. Use bed net at home and hospital during dengue fever to prevent mosquito bite and to interrupt transmission. Use aerosol, vaporizers (coils/mats) during day time.
11. Collection of stagnant water should not be allowed inside school premises, if same does take place a little quantity of petrol/diesel may be put in such stagnant water collection.
12. Don't allow water to stagnate in and around houses.
13. HoSs are to ensure that school premises are free of waste articles e.g. un-used /broken bottles, plastic cups, pots and tyres etc.
14. The Head of Schools may also depute class teacher/any assigned teacher to share the awareness instructions with all the students and carry out under listed suggested activities.
15. •Poster making 2.Slogan writing 3. Nukkad Natak 4. Poem Recitation
16. Nodal Officer to be appointed in each school who will be responsible for all the activities related to prevention and control of Vector Borne Diseases and monitor the activities being carried out.
17. To display the Name, address, contact no./mobile no. etc. of Nodal Officer for Vector Borne Diseases on the Notice Board.
18. Regular Checking of school building must be done in a systematic manner during which coolers, flower pots, bird pots, water containers, any scrap, stagnant water and other possible breeding sites to be checked thoroughly for ensuring no possibility of mosquito breeding.
19. Comprehensive awareness campaign to be made for staff members in schools about prevention and control of Vector Borne Diseases.
20. To ensure that school premises are mosquito free display Do's & Don'ts on the Notice Board and other prominent places in the school premises (copy enclosed). Also a pictorial is enclosed for display.
21. Recorded Audio message already shared to be played in school.
