- Meeting the minimum eligibility criteria does not guarantee allotment of the preferred stream.
- Stream allotment shall be based on:
 | Availability of seats | Number of applicants | Overall academic performance |
- If the number of eligible applicants exceeds the number of available seats, the school will prepare a merit list based on Pre-Board Examination results.
- No change of stream/subjects shall be permitted after the final allotment, except as per school policy.
- If a student is not allotted the preferred stream based on **Pre-Board results**, the option to update the stream preference may be considered after the **Board Examination results**, subject to eligibility and seat availability.
- The school **reserves the right to revise the criteria in the best academic interest** of students.
