GUIDELINES FOR SCHOOL BAGS

Dear Parent

Greetings from GD Goenka Public School, Dwarka!

In the interest of the child's health, safety and comfort, you are requested to ensure that your ward carries a light school bag every day.

Kindly adhere to the following guidelines:

- Carry notebooks strictly as per the prescribed timetable. Students are discouraged from bringing textbooks to school unless specifically instructed by the respective language teacher.
- Please check your ward's school bag daily and ensure that unnecessary items, such as toys, wallets, mobile phones, valuables, or any other non-essential articles, are not brought to school.
- Trolley bags are not permitted.
- Water bottles should be lightweight, with a capacity of approximately 500 ml. Safe drinking water is readily available in the school for refilling throughout the day.
- Tiffin boxes should also be lightweight and easy for children to carry.

Your cooperation in following these guidelines will help reduce the weight of school bags and contribute to a safe, healthy, and well-organized learning environment for all students.

Regards

Team GDGPS Dwarka
